LEGISLATIVE CONTACT FORM

The key to PSTCA legislative success is you, the Tax Collector. After all, you are an elected official. You have roots in the community. You help taxpayers every day. You may already be involved in politics or at least know who some politically inclined community leaders might be. Legislatively, you have or should have a relationship with your elected Representative and Senator.

In order to be effective, PSTCA needs you to be able to talk with legislators in their district as a companion to the Association's lobbying in Harrisburg. If you already have or are working on developing that relationship, tell us.

Please return to Vince Phillips or Sherry Labs . sherryblabs@gmail.com Thanks!
